Take The Leadership Challenge

Do you know someone in Guelph and Wellington who is ready to grow as a leader?

Leadership Guelph & Wellington is the first program of its kind in our community. With a made-in-Wellington curriculum that will be taught by community experts, this program will provide 20 to 30 participants with the skills they need to take leadership roles at work and as volunteers. A partnership of the Volunteer Centre of Guelph/Wellington and the University of Guelph with support from the Ontario Trillium Foundation, Leadership Guelph & Wellington is one of twenty-two community leadership programs running across the country.
